

Tshiamo Moleme (MSc: Project Management; PMP)

Tshiamo is a Project Management Professional with over 20 years' working experience which includes programme management (*government infrastructure grant programmes*); construction project management (*housing, schools, water, and sewer*); and operation and maintenance (*water supply and sanitation schemes*). Since March 2018, he has been managing the Directorate: Infrastructure Support in the Department of Higher Education and Training. The Directorate is responsible for the following:

- Assessment of university infrastructure funding applications.
- Assessment of university infrastructure progress reports.
- Monitoring of the planning, delivery, and management of university infrastructure.
- Drafting of briefing notes on matters related to infrastructure at universities.
- Drafting of responses to Parliament, the Auditor-General, National Treasury, and the media on matters related to infrastructure at universities.
